HEAL-A-HORSE® WOUND CARE SYSTEM

NuTopicals, L.L.C. announces the launch of its line of Heal-A-Horse® non-toxic, antibiotic-free, steroid-free wound care products. These environmentally friendly products contain no prohibited substances that would result in positive blood or urine test in race or show horses. Heal-A-Horse® Antiseptic Cleansing Gel is an antiseptic scrub for cleansing, debriding and reducing skin surface contamination from superficial cuts, abrasions and burns. Heal-A-Horse® Antiseptic Wound Spray is a patented antimicrobial treatment used to aid proper healing of superficial cuts, abrasions and burns. Heal-A-Horse® Wound Cream contains a patented Banana Peel Extract in a vanishing cream base used to aid proper healing of superficial cuts, abrasions, burns and skin irritations.
